INDEPENDENT AUDITOR'S REPORT

October 13, 2005

Board of Trustees of the Sheriffs' Pension and Relief Fund State of Louisiana 1225 Nicholson Drive Baton Rouge, Louisiana 70802

We have audited the statements of plan net assets of the Sheriffs' Pension and Relief Fund, State of Louisiana as of June 30, 2005 and 2004 and the related statements of changes in plan net assets for the years then ended. These financial statements are the responsibility of the management of the Sheriffs' Pension and Relief Fund. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Sheriffs' Pension and Relief Fund as of June 30, 2005 and 2004 and the results of its operations and changes in net assets for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Management's discussion and analysis on pages 3 through 6 is not a required part of the basic financial statements, but is supplementary information required by the Governmental Accounting Standards Board (GASB). We have applied certain limited procedures, which consisted primarily of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

We have audited the financial statements of the Fund for the years ending June 30, 2005 and 2004, and issued our unqualified opinions on such financial statements. Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The required statistical information on pages 27 - 30 and the supplemental schedules on pages 23 - 26 are presented for the purposes of additional analysis and are not a part of the basic financial statements. Such required statistical information for the years ending June 30, 2000 - 2005 and supplemental schedules for the years ending June 30, 2005 and 2004, have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

In accordance with Government Auditing Standards, we have also issued a report dated October 13, 2005 on our consideration of Sheriffs' Pension and Relief Fund 's internal control over financial reporting and on our tests of its compliance with laws and regulations. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Using This Financial Report

The discussion and analysis is intended to serve as an introduction to the Fund's basic financial statements, which are comprised of three components:

- Statement of plan net assets,
- · Statement of changes in plan net assets, and
- Notes to the financial statements.

Using This Financial Report (Continued)

This report also contains required supplemental information in addition to the basic financial statements themselves.

Because of the long-term nature of a defined benefit pension plan, financial statements alone cannot provide sufficient information to properly reflect the plan's ongoing plan perspective. This financial report consists of two financial statements and two required schedules of historical trend information. The Statements of Plan Net Assets and Statements of Changes in Plan Net Assets (on pages 7 and 8) provide information about the activities of the pension funds as a whole. Sheriffs' Pension and Relief Fund is the fiduciary of funds held in trust for sheriffs, deputies, non-commissioned employees of sheriffs' offices throughout the State of Louisiana and employees of the Louisiana Sheriffs' Association, the Sheriffs' Pension Fund office and a limited number of employees of the Attorney General's Office.

The Schedule of Funding Progress (on page 28) includes historical trend information about the actuarially funded status of the Fund from a long-term, ongoing plan perspective and the progress made in accumulating sufficient assets to pay benefits when due. The Schedule of Employer Contributions (on page 27) presents historical trend information about the annual required contributions of employers and the contributions made by employers in relation to the required contributions. These schedules provide information that contributes to understanding the changes over time in the funded status of the plan.

Financial Analysis of the Fund

Sheriffs' Pension and Relief Fund's plan net assets increased during the year ended June 30, 2005 by \$127,029,636 from \$1,017,722,292 to \$1,144,751,928. Plan net assets for the prior fiscal year had increased by \$123,609,472. The increase when compared to the prior fiscal year increase is attributable to more favorable market conditions than the prior fiscal year. This analysis focuses on plan net assets (Table 1) and changes in plan net assets (Table 2) of the Fund.

Plan net assets increased by 12.5% (\$1,144,751,928 compared to \$1,017,722,292). All of these assets are restricted in use to provide monthly retirement allowances to members who contributed to the Fund as employees and their beneficiaries. The increase in plan net assets was reduced significantly as a result of the decline in the value of investments due to unfavorable market conditions.

Additions to Plan Net Assets

Additions to Sheriffs' Pension and Relief Fund plan net assets were derived from member and employer contributions. Member contributions increased \$3,038,466 or 7.6% while employer contributions increased \$4,259,742 or 11.2%. The increase in contributions is primarily due to legislation enacted which had increased the contributions for plan members to from 9.80% to 10% and employer contributions from 9.25% to 9.75% of annual covered payroll. The System experienced a net investment gain of \$83,810,696 as compared to a net investment gain of \$77,013,742 in the prior year. The increase in investment income was mainly due to a continued upturn in world equity markets.

Deductions from Plan Net Assets

Deductions from plan net assets include mainly retirement, death, survivor benefits, refunds and transfers of contributions to other retirement plans and administrative expenses. Deductions from plan net assets totaled \$68,515,647 in fiscal year 2005. This is an increase of \$13,715,761 when compared to 2004. Retirement benefit payments increased \$10,428,585, and refunds of contributions increased by \$2,883,126. The cost of administering Sheriffs' Pension and Relief Fund benefits per member during 2005 was \$72 per individual compared to \$76 per individual in 2004.

The Sheriffs' Pension and Relief Fund (Fund) is a public corporation created in accordance with the provisions of Louisiana Revised Statute 11:2171 to provide retirement, disability and survivor benefits to employees of sheriffs' offices throughout the State of Louisiana. Before passage of legislation in 1995 allowing noncommissioned employees to be members of the Fund, sheriffs and deputies were the only sheriffs' office employees eligible to participate in the Fund. Employees of the Louisiana Sheriffs' Association (LSA), the Sheriffs' Pension Fund office and a limited number of employees of the Attorney General's office are also members of the Fund.

The Fund is governed by a Board of Trustees composed of 14 elected members and two exofficio members, all of whom are voting members consisting of a president, secretary-treasurer, three active, participating sheriffs, and three full-time participating deputy sheriffs, three retired sheriffs and three retired deputy sheriffs participating in the fund, and the chairman of the Senate Finance and House Retirement Committee serve as ex-officio members. The President may be either an active or retired sheriff, elected by the members of the LSA for a term of two years from the date of taking office. Reelection is permissible. At the annual sheriffs' conference, the general membership of the LSA elects one active sheriff and one retired sheriff to serve three-year staggered terms on the Board. Active and retired deputy sheriff members are elected from their respective ranks to three-year staggered terms. The members of the LSA elect the Secretary-Treasurer annually. Office personnel and retained professionals serve as authorized by the Board.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The financial statements are prepared in accordance with the standards established by the Governmental Accounting Standards Board (GASB) as the successor to the National Council on Governmental Accounting (NCGA). During the current year Governmental Accounting Standards Board 40 (GASB 40) was implemented. The statement addresses common deposit and investment risks related to credit risk, concentration of credit risk, interest rate risk, and foreign currency risk. The required disclosures are included in Note 6 to the financial statements. In addition, these financial statements include the management's discussion and analysis as supplementary information, as required by of GASB Statement Number 34, Basic Financial Statement- and Management's Discussion and Analysis- for State and Local Governments and related standards.

Basis of Accounting:

The Fund's financial statements are prepared using the accrual basis of accounting. Employer and employee contributions are recognized in the period in which the employee is compensated for services performed. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Interest and dividend income is recognized when earned. Ad valorem taxes and revenue sharing monies are recognized in the year appropriated by the legislature. Insurance premium tax income is recorded in the fiscal year for which it is allocated.

The Plan reports securities lent through the securities lending program as assets. Cash received as collateral on securities lending transactions made with that cash are reported as assets. Liabilities resulting from securities lending transactions are reported as well.

1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>: (Continued)

Method Used to Value Investments:

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates.

Property, Plant and Equipment:

Property, plant and equipment are accounted for and capitalized in the Pension Fund. Depreciation of fixed assets is recorded as an expense in the Pension Fund. All fixed assets are valued on the basis of historical cost and depreciated using the straight-line method of depreciation.

2. PLAN DESCRIPTION:

The Sheriffs' Pension and Relief Fund, State of Louisiana, is the administrator of a cost-sharing multiple-employer plan. The Sheriffs' Pension and Relief Fund received a favorable determination from the IRS regarding its status as a qualified plan in August 1995. The determination applied to plan years beginning after December 31, 1988.

The Sheriffs' Pension and Relief Fund, State of Louisiana, provides retirement benefits for employees of sheriffs' offices throughout the State of Louisiana. There are sixty-five contributing sheriff offices, with employees of the Louisiana Sheriffs' Association office, Attorney General's office and the Sheriffs' Pension Fund staff also contributing. At June 30, 2005 and 2004 statewide retirement membership consists of:

	<u>2005</u>	<u>2004</u>
Current retirees and beneficiaries	2,693	2,488
Members, terminated with deferred vested benefits	279	299
Members, terminated, nonvested with contributions remaining on deposit with the fund Fully vested, partially and nonvested	3,152	2,977
active employees covered	13,863	13,657
TOTAL PARTICIPANTS AS OF THE VALUATION DATE	<u> 19,987</u>	<u> 19,421</u>

Laws that govern the Fund are located in the Louisiana Revised Statutes beginning with 11:2171 et seg. which deals specifically with the Sheriffs' Pension Fund, and 11:11 et seg. which governs all public retirement systems in Louisiana.

2. PLAN DESCRIPTION: (Continued)

Eligibility Requirements:

Membership in the Fund is required for all eligible sheriffs and full time deputies. Court criers of specified courts and non-deputized employees may become members. They are eligible immediately upon employment as long as they meet statutory criteria as to age and physical condition. All salaried employees of the Sheriffs' Pension and Relief Fund, the Louisiana Sheriffs' Association and a limited number of employees of the Attorney General's office who meet certain requirements are also eligible to become members of the Fund. Members are vested after twelve years of service time.

Retirement Benefits:

Members with twelve years of creditable service may retire at age fifty-five. Members with thirty years of service may retire regardless of age. The retirement allowance is equal to three and one-third percent of the member's average final compensation multiplied by his years of creditable service, not to exceed (after reduction for optional payment form) 100% of average final compensation. Members with twenty or more years of service may retire with a reduced retirement at age fifty.

Cost of Living Increases:

When certain criteria is met relating to funding status and interest earnings, the Fund is authorized under state law to grant a cost of living increase to members who have been retired for at least one full calendar year. The increase cannot exceed the lesser of 3% of the retiree's current benefit or an increase of \$100 per month, subject to a minimum of \$20 per month. State law allows the Fund to grant an additional cost of living increase to all retirees and beneficiaries over age sixty-five equal to 2% of the benefit received on October 1, 1977, or the original benefit, if retirement commenced after that date. In lieu of cost of living adjustments, the board may grant increases in amounts up to \$1 per month times the sum of years of credited service accrued at retirement or death and number of years since retirement or death.

No cost of living adjustment was made during the current year. In the prior year, R.S. 11:2178 authorized nonrecurring lump-sum benefit supplements. The supplements were calculated at 3%, of the normal annual benefit, but not less than three hundred dollars. The lump sum payment totaled \$1,105,007 and was made to eligible members in August 2004 and reflected as pensions payable as of June 30, 2004.

2. <u>PLAN DESCRIPTION</u>: (Continued)

Deferred Benefits:

The Fund does provide for deferred benefits for vested members who terminate before being eligible for retirement. Once the member reaches the appropriate age for retirement, benefits become payable.

Disability Benefits:

A member is eligible to receive disability benefits if he has at least ten years of creditable service when a non-service related disability is incurred; there are no service requirements for a service related disability. Disability benefits shall be the lesser of 1) a sum equal to the greatest of 45% of final average compensation or the members' accrued retirement benefit at the time of termination of employment due to disability, or 2) the retirement benefit which would be payable assuming continued service to the earliest normal retirement age. Members who become partially disabled receive 75% of the amount payable for total disability.

Survivor Benefits:

Survivor benefits for death solely as a result of injuries received in the line of duty are based on the following. For a spouse alone, a sum equal to 50% of the member's final average compensation with a minimum of \$150 per month. If a spouse is entitled to benefits and has a child or children under eighteen years of age (or over said age if physically or mentally incapacitated and dependent upon the member at the time of his death), an additional sum of 15% of the member's final average compensation is paid to each child with total benefits paid to spouse and children not to exceed 100%. If a member dies with no surviving spouse, surviving children under age eighteen will receive monthly benefits of 15% of the member's final average compensation up to a maximum of 60% of final average compensation if there are more than four children. If a member is eligible for normal retirement at the time of death, the surviving spouse receives an automatic option 2 benefit. The additional benefit payable to children shall be the same as those available for members who die in the line of duty. In lieu of receiving option 2 benefit, the surviving spouse may receive a refund of the member's accumulated contributions. All benefits payable to surviving children shall be extended through age twenty-two, if the child is a full time student in good standing enrolled at a board approved or accredited school, college, or university.

Contribution Refunds:

Upon withdrawal from service, members not entitled to a retirement allowance who have remained out of service for a period of thirty days are paid a refund of accumulated contributions upon request. Receipt of such a refund cancels all accrued benefits in the system.

2. <u>PLAN DESCRIPTION</u>: (Continued)

Back Deferred Retirement Option Plan (Back-DROP)

In lieu of receiving a service retirement allowance, any member of the Fund who has more than sufficient service for a regular service retirement may elect to receive a "Back-DROP" benefit. The Back-DROP benefit is based upon the Back-DROP period selected and the final average compensation prior to the period selected. The Back-DROP period is the lesser of three years or the service accrued between the time a member first becomes eligible for retirement and his actual date of retirement. At retirement the member's maximum monthly retirement benefit is based upon his service, final average compensation and plan provisions in effect on the last day of creditable service immediately prior to the commencement of the Back-DROP period. In addition to the monthly benefit at retirement, the member receives a lump-sum payment equal to the maximum monthly benefit as calculated above multiplied by the number of months in the Back-DROP period. In addition, the member's Back-DROP account will be credited with employee contributions received by the retirement fund during the Back-DROP period. As of January 1, 2005, the board of trustees provided for the transfer of DROP and Back-DROP balances to a third party, fixed income investment manager, see Note 8. Participants have the option to opt out of this program and take a distribution, if eligible, or to rollover the assets to another qualified plan.

3. CONTRIBUTIONS AND RESERVES:

Contributions:

Contributions for all members were established by statute for the fiscal years ending June 30, 2005 and 2004 at 10% (effective with the first payroll period ending in October 2004) and 9.8%, respectively, of earnable compensation and are deducted from the member's salary and remitted monthly by the participating parish.

Gross employer contributions are determined by actuarial valuation and are subject to change each year in accordance with R.S. 11:103. For fiscal 2005 and 2004, the employers contributed 9.75% and 9.25% of members' salaries, respectively. Also, the fund annually receives revenue sharing funds, .5% of the aggregate amount of the tax shown to be collected by the tax roll of each respective parish, and additional funds as indicated by valuation and apportioned by the Public Employees' Retirement Systems' Actuarial Committee from available insurance premium taxes described in RS 22:1419.

Administrative costs of the Fund are financed through employer contributions.

Reserves:

Use of the term "reserve" by the Fund indicates that a portion of the fund balances is legally restricted for a specific future use. The nature and purpose of these reserves are explained below:

3. <u>CONTRIBUTIONS AND RESERVES</u>: (Continued)

Reserves: (Continued)

A) Annuity Savings:

The Annuity Savings is credited with contributions made by members of the Fund. When a member terminates his service, or upon his death before qualifying for a benefit, the refund of his contributions is made from this reserve. If a member dies and there is a survivor who is eligible for a benefit, the amount of the member's accumulated contributions is transferred from the Annuity Savings to the Annuity Reserve. When a member retires, the amount of his accumulated contributions is transferred to Annuity Reserve to provide part of the benefits. The Annuity Savings as of June 30, 2005 is \$271,493,741. The Annuity Savings is fully funded.

B) Pension Accumulation Reserve:

The Pension Accumulation Reserve consists of contributions paid by employers, interest earned on investments and any other income not covered by other accounts. This reserve account is charged annually with an amount, determined by the actuary, to be transferred to the Annuity Reserve to fund retirement benefits for existing recipients. It is also relieved when expenditures are not covered by other accounts. The Pension Accumulation Reserve as of June 30, 2005 is \$464,754,692. The Pension Accumulation Reserve is 92% funded.

C) Annuity Reserve:

The Annuity Reserve consists of the reserves for all pensions, excluding cost-of-living increases, granted to retired members and is the reserve account from which such pensions and annuities are paid. Survivors of deceased beneficiaries also receive benefits from this reserve account. The Annuity Reserve as of June 30, 2005 is \$436,831,094. The Annuity Reserve is fully funded.

D) <u>Deferred Retirement Option Account:</u>

The Deferred Retirement Option account consists of the reserves for all members who upon retirement eligibility elect to deposit into this account an amount equal to the member's monthly benefit if he had retired. Members entering after June 30, 2002 are entitled to receive a "Back-DROP" benefit. Members participate in the program for up to three years, and upon termination receive benefits in a lump sum payment or annuity. The deferred retirement option account as of June 30, 2005 is \$7,015,662. The Deferred Retirement Option account is fully funded.

4. ACTUARIAL COST METHOD:

The Frozen Attained Age Normal Cost Method was used to calculate the funding requirements of the Fund. Funding of pension plans under this method consists of two components. The first of these components is the Employer Normal Cost of the plan. In addition, amortization payments on the Fund's unfunded liability must be made. The actuarial present value of future normal cost is called the actuarial accrued liability. The provisions of Louisiana R.S. 11:103 requires that the unfunded accrued liability be amortized over a forty-year period beginning on July 1, 1989 with payments increasing at 3.5% per year.

5. REQUIRED SUPPLEMENTARY SCHEDULE INFORMATION:

In accordance with GASB 25, information in the Required Supplementary Schedules is designed to provide information about the Fund's progress made in accumulating sufficient assets to pay benefits and is presented on pages 27-30.

6. DEPOSITS, CASH EQUIVALENTS AND INVESTMENTS:

Following are the components of the Fund's deposits, cash equivalents and investments at June 30, 2005 and 2004.

	<u>2005</u>	<u>2004</u>
Deposits (bank balance)	\$ 5,847,053	\$ 5,771,783
Cash equivalents	66,525,325	84,623,343

	\$ <u>1,249,847,834</u>	\$ <u>1,071,188,704</u>

Deposits:

The Fund's bank deposits were fully insured or collateralized with securities held by the entity or its agent in the entity's name.

Cash Equivalents:

For the years ending June 30, 2005 and 2004, cash equivalents in the amount of \$66,525,325 and \$84,623,343, respectively, consist of government backed pooled funds. Except for \$6,039,978, for the year ended June 30, 2005, invested in the Louisiana Asset Management Pool, see Note 8, the balance \$60,485,347 in funds are held by a sub-custodian, are managed by separate money managers and are in the name of the Fund's custodian's trust department.

6. <u>DEPOSITS, CASH EQUIVALENTS AND INVESTMENTS</u>: (Continued)

Investments:

Statutes authorize the Fund to invest under the Prudent-Man Rule. Pursuant to Louisiana Revised Statute 11:263, the Prudent-Man rule requires each fiduciary of a retirement system and each board of trustees acting collectively on behalf of each system to act with the care, skill, prudence and diligence under the circumstances prevailing that a prudent institutional investor acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims. Notwithstanding the Prudent-Man Rule, the Fund shall not invest more than fifty-five percent of the total portfolio in common stock and not more than 10% in index funds.

Concentration of Credit Risk:

The Fund's investment policy states that short-term investments may not exceed 5% of each manager's assigned portfolio allocation without Board approval and maximum single stock ownership in the common stock of any one organization shall not exceed 7% of each manager's portfolio. In addition, total exposure of all types of mortgages, as a percentage of each advisor's total fixed income portfolio, at market value, shall not be more than 10% greater than the mortgage sector's current percent of the Lehman Brothers Aggregate index, shall not exceed 15% at market value of each investment advisors total fixed income portfolio. Collateralized mortgage obligations and adjustable rate mortgages shall not exceed 15%, at market value, of each investment advisor's total fixed income portfolio. There were no investments in any organization which represented 5% of total investments at June 30, 2005 and 2004.

Credit Risk:

Credit risk is defined as the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Following are the credit ratings of the Fund's investments in long-term debt securities as of June 30, 2005 (Enron corporate bonds totaling \$30,000 and U.S. Fixed Income Funds totaling \$4,569,788 are not rated). Below is a schedule of other bonds with their applicable rating.

6. DEPOSITS, CASH EQUIVALENTS AND INVESTMENTS: (Continued)

Credit Risk: (Continued)

Bond portfolios must have a minimum average quality rating of A. Securities must be rated Baa3/BBB- by at least two of the major rating agencies at the time of the purchase. The major rating agencies are Moody's Investor Services, Standard & Poor's or Flitch Investor Services. Any security that falls below Baa3/BBB- rating by any of the major rating agencies must be sold within 90 days of the downgrade announcement. The investment manger must contact the consultant and/or investment committee for approval should they wish to hold the security beyond 90 days.

All security types include in the benchmark (Lehman Aggregate Bond Index) are candidates for purchase and placement in the bond portfolio. This includes U.S. dollar denominated bonds registered in the U.S. by foreign governments as well as corporate bonds issued by foreign companies. Total exposure to U.S. dollar denominated foreign-issued bonds shall not exceed 5% at market value of each investment advisor's total fixed income portfolio.

Private placement securities issued under SEC Rule 144A may be held, but shall not exceed 10% at market value of each investment advisor's total fixed income portfolio.

Derivatives are limited to the use of U.S. Treasury bond futures, primarily for the purpose of adjusting fixed income duration. The use of futures shall not cause asset class policy ranges to be exceeded, or cause the total fund to be leveraged. The net notional principal amounts outstanding of all derivative investments, expressed in terms of the value of the underlying position, shall not exceed 15% of the market value of the Fund. All derivatives positions must be incorporated into the overall portfolio market values and risk measures.

Foreign government, sovereign, sovereign-guaranteed, supranational and corporate obligations, including emerging market debt exposure to Non-Dollar Securities shall not exceed 10% at market value of each investment advisor's total fixed income portfolio.

Custodial Credit Risk:

Custodial credit risk is defined as the risk that, in the event of the failure of the counterparty, the Fund will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The Fund is not exposed to custodial credit risk at June 30, 2005 for investments in the amount of \$1,170,806,393 since the investments are in the name of the Fund. At June 30, 2005, for collateral held under securities lending in the amount of \$73,194,388 and non cash collateral received under the securities lending program in the amount of \$4,325,289, the Fund is exposed to custodial credit risk since these investments are not in the name of the Fund. The Fund has no formal investment policy regarding custodial credit risk.

6. <u>DEPOSITS, CASH EQUIVALENTS AND INVESTMENTS</u>: (Continued)

Interest Rate Risk:

Interest rate risk is defined as the risk that changes in interest rates will adversely affect the fair value of an investment. As of June 30, 2005, the Fund had the following investments in long-term debt securities and maturities:

	Fair	Less		0	More

The Fund invests in collateralized mortgage obligations. These securities are based on cash flows from interest payments on underlying mortgages. Therefore, they are sensitive to prepayments by mortgagees, which may result from a decline in interest rates. The Fund has no formal investment policy regarding interest rate risk.

For the year ended June 30, 2004, the Fund's investments were categorized to give an indication of the level of risk assumed by the entity at that time. That is, the risk associated with the exposure to potential loss from unauthorized transfer of a financial instrument. Category 1 included investments that were insured or registered or for which the securities were held by the retirement system or its agents in the retirement system's name. Category 2 included uninsured and unregistered investments for which the securities were held by the broker's or dealer's trust department or agent in the retirement system's name. Category 3 included uninsured and unregistered investments for which the securities were held by the broker or dealer, or by its trust department or agent but not in the retirement system's name.

7. SECURITY LENDING AGREEMENT:

State statutes and board of trustee policies authorize the Fund to invest under the Prudent-Man Rule. Under the Prudent-Man Rule, the Fund is allowed to lend its securities to broker dealers and other entities with a simultaneous agreement to return the collateral for the same securities in the future. The Fund enters into a contract with a company, which acts as their thirdparty securities lending agent. The lending agent has access to the Fund's lendable portfolio or The agent lends the available assets such as U.S. Treasury, governmentavailable assets. guaranteed and corporate fixed income securities, and equities. The lending agent has discretion over the selection of borrowers and continually reviews credit worthiness of potential borrowers through adequate analysis of all material provided to them; however, the Fund may restrict borrowers. All loans are fully collateralized with cash, government securities, or irrevocable letters of credit. Initial collateralization of loans will be 102% of the market value of the loaned securities plus accrued income for U.S. and 105% in all cases and at all times of non-U.S. loans, respectively. When collateral for U.S. issuers is less than 100% of market value of the loaned securities, additional collateral is required to bring the collateralization back to 102%. As a result of the required collateralization percentages, the Fund has no credit risk. The lending agent and the Fund enter into contracts with all approved borrowers. In the case of security loans in which the collateral received by the Fund is cash, the collateral is reported as an asset with a corresponding liability. When the Fund receives collateral other than cash, it may not reinvest the collateral. When this occurs, the Fund does not record the collateral on the financial statements; but the underlying securities are disclosed in footnote number 6. In both cases, the loaned securities continue to be reported as an asset on the Statement of Plan Net Assets and in footnote number 6. In the case of any loans collateralized by cash, the lending agent will invest the cash collateral (in the name of the Fund) in approved investments outlined in the contract between the agent and the Fund such as commercial paper, selected money market mutual funds, certificates of deposit, and repurchase agreements including tri-party. Acceptable collateral from approved borrowers for repurchase agreements (including tri-party) is all direct U.S. Treasury obligations, mortgage and asset-backed securities rated AA or higher, commercial paper, and other investments stipulated in lender agent contract.

7. <u>SECURITY LENDING AGREEMENT</u>: (Continued)

The fund has the following securities on loan:

_	June 30, 2005	June 30, 2004
	Market	Market
	(Carrying Value)	(Carrying Value)
U. S. Government Securities	\$ 37,057,047	\$ 56,819,706

	\$ <u>76,049,215</u>	\$ <u>103,630,173</u>

Securities on loan at June 30, 2004 for which the Plan received cash collateral, were presented as unclassified in footnote 6. Securities on loan as of June 30, 2004 for which the Plan received noncash collateral are presented as classified in footnote 6. The contracts with the lending agent requires the lending agent to indemnify the Fund from any and all claims, actions, demands or lawsuits of any kind whatsoever resulting from the lending agent's gross negligence or willful misconduct in its administration of the program and to replace loaned securities not returned to the Fund for any reason.

The term to maturity of the securities loaned is matched with the term to maturity of the investment of the cash collateral by investing only in repurchase agreements with maturities of one to two days.

The information was not available to compute the gross amount of interest income earned and interest expense incurred from security lending transactions. The net amount of income received from the transactions is recorded in the financial statements in investment income.

8. LOUISIANA ASSET MANAGEMENT POOL:

Investments held at June 30, 2005 consist of \$6,039,978 in the Louisiana Asset Management Pool (LAMP), a local government investment pool. In accordance with GASB Codification Section 150.126, the investment in LAMP at June 30, 2005 is not categorized in the three risk categories provided by GASB Codification Section 150.125 because the investment is in the pool of funds and therefore not evidenced by securities that exist in physical or book entry form.

LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local government entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LSA-R.S. 33:2955. Accordingly, LAMP investments are restricted to securities issued, guaranteed or backed by the U.S. Treasury, the U.S. Government or one of its agencies, enterprises or instrumentalities, as well as repurchase agreements collateralized by those securities.

8. LOUISIANA ASSET MANAGEMENT POOL: (Continued)

Effective August 1, 2001, LAMP's investment guidelines were amended to permit the investment in government-only money market funds. In its 2001 Regular Session, the Louisiana Legislature (Senate Bill No. 512, Act 701) enacted LSA-R.S. 33:2955(A)(1)(h) which allows all municipalities, parishes, school boards and any other political subdivisions of the State to invest in "Investment grade (A-1/P-1) commercial paper of domestic United States corporations." Effective October 1, 2001, LAMP's Investments Guidelines were amended to allow the limited investment in A-1 or A-1+ commercial paper.

The dollar weighted average portfolio maturity of LAMP assets is restricted to not more than 90 days and consists of no securities with a maturity in excess of 397 days. LAMP is designed to be highly liquid to give its participants immediate access to their account balances. The investments in LAMP are stated at fair value based on quoted market rates. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the value of the pool shares.

LAMP, Inc. is subject to the regularity oversight of the state treasurer and the board of directors. LAMP is not registered with the SEC as an investment company.

9. EMPLOYEES DEFERRED COMPENSATION PLAN:

The Sheriffs' Pension and Relief Fund offers its employees a deferred compensation plan, created in accordance with Internal Revenue Code Section 457. The plan, available to all employees, permits them to defer a portion of their current salary until future years. The deferred compensation is not available to the employees until termination, retirement, death, or unforeseen emergency. Effective in the current year, the Board of Trustees authorized matching contributions to be made to the plan by the Fund on behalf of the employees. The current year contributions totaled \$25,811. No contributions were made in prior years.

All assets and income are held in a custodial trust account for the exclusive benefit of the participants and their beneficiaries.

10. ANNUAL AND SICK LEAVE:

Employees' leave is accrued at rates of 12 to 24 days per year depending upon length of service. Upon separation employees are compensated for accumulated annual leave, up to a maximum of 60 days. Employees are not compensated for accumulated sick leave upon termination.

The liability for annual leave accrued at June 30, 2005 and 2004 is \$81,130 and \$87,963, respectively.

11. OPERATING BUDGET:

The budget is under the control of the Board of Trustees and is not an appropriated budget but is considered a budgetary execution for management purposes.

12. USE OF ESTIMATES:

The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

13. CHANGES IN PROPERTY, PLANT AND EQUIPMENT:

A summary of changes in fixed assets follows:

	Balance			Balance
	<u>July 1, 2004</u>	<u>Additions</u>	<u>Retirements</u>	June 30, 2005

Depreciation expense for the years ended June 30, 2005 and 2004 totaled \$69,343 and \$76,683, respectively.

14. <u>LEASE</u>:

The Fund had a month-to-month operating lease for a building being used until the office building constructed in Baton Rouge was completed in September 2003.

Total rent expense incurred during the fiscal year ended June 30, 2004 was \$26,900.

15. OTHER RECEIVABLES AND PREPAIDS:

A summary of this account follows:

	<u>2005</u>	<u>2004</u>

REPORT ON COMPLIANCE INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON A FINANCIAL STATEMENT AUDIT PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS

October 13, 2005

Board of Trustees Sheriffs' Pension and Relief Fund State of Louisiana Baton Rouge, Louisiana

We have audited the financial statements of the Sheriffs' Pension and Relief Fund, State of Louisiana, as of and for the year ended June 30, 2005, and have issued our report thereon dated October 13, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Sheriffs' Pension and Relief Fund's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Sheriffs' Pension and Relief Fund's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the use of the Board of Trustees, Office of the Legislative Auditor of the State of Louisiana, and management and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statutes 24:513, this report is distributed by the Legislative Auditor as a public document.
